Eclipse3 Cloud Document Management

eclipse³
a *docSt★R* product

16 Years of Experience in Every Cloud

docSTAR™, founded in 1996, is an innovative software company that provides collaborative document management solutions to streamline business processes. From SMB to Enterprise, over 6,000 organizations depend on docSTAR.

docSTAR Eclipse3 is a revolutionary new product that's built for the web, including all popular browsers and mobile devices. Because it is provided as a service, customers can enjoy the benefits of very low overhead and minimal startup investment, easy access via a web browser and the security of a redundant, disaster-proof data center. There is no specialized hardware to manage and there is no up-front capital investment. Although designed using robust enterprise architecture, Eclipse3 is flexible and affordable to meet the needs of a small office or enterprise environments.

★ Cloud based. High speed access from any browser device

★ Leverage Smart phones, iPads, tablets and iPads

★ Elegant, intuitive design reduces learning curve

★ Quickly streamlines document processes and reduces errors

★ No upfront capital investment required

★ Minimize business risk associated with lost files

★ Files can be easily and securely shared with others

★ Automatic backup of all your documents

docSt★R™

Eclipse3 The easier, faster, smarter cloud-based document management solution.

Ready When You Are - No hardware required. Launch a browser and go to Eclipse3. No worries about setting up servers, configuring applications or any other 'fun' stuff. With docSTAR Eclipse3, you will be 'conquering the clutter' in no time.

Flexible - You can increase or decrease your users and storage requirements based on need. Eclipse3 grows when you grow.

Anytime/Anywhere - Users have 24/7 access to Eclipse3 and their files from virtually anywhere in the world via a browser and internet connection.

Safe and Secure - Eclipse3 is a hosted solution that utilizes a secure off-site Data Center, equipped with state-of-the-art firewalls and cutting edge technology; offering top connectivity, performance, and redundancy.

## Improve Performance - *quickly & easily*

docSTAR Eclipse3 offers users an extremely elegant and intuitive interface. All information a user would need to use is right at their fingertips, in one easy-to-understand 3-panel display that can be accessed from anywhere via a browser and internet connection.

Accelerate Business

★ **Quickly locate documents.**
★ **Perform actions & tasks on files to ensure filing accuracy.**
★ **Capture documents via scanning or importing.**
★ **Organize the way in which to process documents.**
★ **Share information with others… all from one place.**

The right panel is a unique offering with docSTAR Eclipse3. We call it the **"Buzz Space"**. This is a customizable area for company announcements, advertisements, alerts – whatever.

Experience Cloud

★ **Easy, elegant, ultra-intuitive user interface.**
★ **Mobility: Smart phones/tablets.**
★ **Powerful, fast search & retrieve.**
★ **Capture via multiple devices.**
★ **Powerful Workflow engine.**
★ **Auditing, Native Files & E-mail.**
★ **Manager Administration Tools.**
★ **Context Sensitive Help.**

docSTAR Eclipse3 is a document management solution that does not require any special hardware, software installation or huge upfront investments.
